Step thirteen

The connection process will begin and you will be prompted to enter your credentials.

- The **username** is your UWA Person ID (eg, 12345678)
- The **password** is your Pheme password

Once you have entered your credentials, click **OK**.

You are done!

After a few seconds you should be notified that the connection was established successfully.

You now have internet access!

Doesn’t work?

Help is available! But before coming for help, please try the following:

- Double-check your student number and Pheme password are correct and your password has not expired
- Move around to ensure you are in a location with good wireless reception

If it still doesn’t work, contact the University Library.
