UniConnect guide for OSX 10.9

**NOTE:** Java must be installed on your system before proceeding with this setup. If you don’t have Java installed, it can be obtained from www.java.com

**Step one**

Please open a browser and go to the URL:

- [http://software.webservices.uwa.edu.au](http://software.webservices.uwa.edu.au)

Enter the following credentials:

**UWA Person ID:** Your Student Number (i.e. 12345678)

**Password:** Your Pheme Password

Select ‘Log in’.

**Step two**

From the landing page click ‘UniConnect-VPN’.

On the following page select ‘Next’. Then, if you agree to the terms and conditions, select ‘Accept’.

**Step three**

From the list select ‘MAC-NETWORK CONNECT’.

Select your operating system:

- WIN-NETWORK CONNECT
- WIN-UNICORE
- MAC-NETWORK CONNECT
- MAC-JUNOS PULSE

Then click ‘Download’.

This component provides a secure network connection for Mac OS X.

**Step four**

Open the file you have just downloaded.

Then click ‘NetworkConnect.pkg’ from the box that pops up.

Step five
If you DO NOT see the alert box as pictured below, skip to Step six.

If you DO see the alert box as pictured below, click ‘OK’.

Now, open Spotlight, by clicking on the magnifying glass icon usually located in the top right hand corner of the screen.

Search for “System Preferences” and then select it from the results.

Then click on ‘Security & Privacy’.

If the lock, in the bottom left hand corner, is closed, click on the lock.

NOTE: You may need to enter your computer credentials in order to open the lock.

UniConnect guide for OSX 10.9

After the installation runs you should see ‘The installation was successful.’

The installation was successful.

Network Connect is now installed.

To Connect

To run Network Connect; open Spotlight by select the magnifying glass icon usually located in the top right hand corner of the screen.

Search for ‘Network Connect’ and select it from the results.

Network Connect will open.

Ensure the ‘Sign-in at:’ is:

- https://uniconnect.uwa.edu.au

Enter the following credentials:

Username: Your UWA Student ID (i.e. 12345678)
Password: Your Pheme password

Connect ed!

After a few moments Network Connect will connect and you should see the following connection box.

More information: www.unifi.uwa.edu.au
To Disconnect

To disconnect, right-click on the padlock icon in the Dock and select ‘Quit’.

Doesn’t work?

Try the following tips:

- Double-check your student number and Pheme password are correct and have not expired.
- Ensure that your blue cable is connected to the port and device correctly.

Still doesn’t work? Help is available!
