Step one
Open the ‘Settings’ screen.

NOTE: The Settings icon may not be on the initial home screen of the device, so you may need to swipe through one or more screens to find it.

Step two
At the top of the screen select ‘Wi-Fi’.

Step three
If the Wi-Fi switch isn’t already on, switch it to the green position.

A list of wireless networks in range of the device will appear. Select ‘Unifi’.

Step four
Enter the following credentials:

Username: Your UWA Person ID (eg. 12345678)
Password: Your Pheme password

Enter the password for “Unifi”

Click ‘Join’.

Step five
On the following ‘Certificate’ screen click the ‘Accept’ button.

NOTE: If you’re given a failure to connect error the operation may have timed out, or you may not have enough wireless signal. Try moving around and ensure you tap the ‘Accept’ button as soon as it loads.

Unifi on iOS7 for iPad, iPhone & iPod Touch

You are done!

If you are successful you will be returned to the ‘Wi-Fi’ screen and a tick will appear next to ‘Unifi’.

When you are connected to a wireless network you will be able to see the wifi icon in the top left hand corner of the screen.

Doesn’t work?

Try the following tips:

- Double-check your student number and Pheme password are correct and have not expired
- Move around to ensure you are in a location with good wireless reception

Still doesn’t work? Help is available!
