Step one
From the system tray in the lower right corner of your screen, click the wireless network icon pictured.

Step two
From the list of available networks, select Unifi and then press the Connect button.

Step three
The connection process will begin and you will be prompted to enter your credentials in the Network and Internet window.

Step four
The following prompt will appear:

- The username is your UWA Person ID (e.g., 12345678)
- The password is your Pheme password

Once you have entered your credentials, press OK.

More information: www.unifi.uwa.edu.au
You are done!

After a few seconds you should be notified that the connection was established successfully.

You now have internet access!

Doesn’t work?

Help is available! But before coming for help, please try the following:

- Double-check your student number and Pheme password are correct and your password has not expired
- Move around to ensure you are in a location with good wireless reception

If it still doesn’t work, contact the University Library.

In person: At the information desk in your subject library

Self-service or email: [http://ipoint.uwa.edu.au/app](http://ipoint.uwa.edu.au/app)

Telephone numbers at: [http://www.library.uwa.edu.au/contact](http://www.library.uwa.edu.au/contact)
